Everyone loves a wedding, but people celebrate weddings in a thousand different ways. Here are some of the most interesting customs. Before the wedding: In the Philippines, the bride and her assistants must all wear the same dresses. They do this to stop bad spirits from finding the bride and carrying her away. At the wedding: A groom in Spain gives his bride her wedding ring and then a little money in order to show that he will work hard for everything they need. At the wedding party: In many countries, the bride and groom both hold the knife in order to cut the wedding cake together. This shows that they will be a good team. In Scotland, people only eat half of the cake at the wedding. They keep the other to eat when the first child arrives. After the wedding: In Palestine, the bride sticks some bread dough to the front door of her new home. This is to show that she and her husband will stay together all their lives.
